Globigen Colostrum	1	1	1	01.02.2024

Description:					
Complementary feed for calves, lambs and kids					
Additional supply of natural immunoglobulins during the first days of life					
Globigen Colostrum is a complementary feed for new-born calves, lambs and kids for an additional supply of functional egg and colostrum globulins during the first days of life. Globigen Colostrum serves as an easy to use colostrum enhancer that supports the immune system, improves gut health and therefore performance and weight gain.					
Composition:					
Whey protein powder, Colostrum powder 10 %, Egg products dried 5 %, Mono-, Di- and Triglycerides of fatty acids (Capric acid, Caprylic acid, Lauric acid, Propionic acid), Glycerine, Dextrose, Yeasts					
Analytical constituents:					
Crude protein	%	36,0	Crude fat	%	11,5
Crude fibre	%	1,0	Crude ash	%	9,1
Ash insoluble in hydrochloric	%	2,7	Sodium	%	0,4
Additives per kg:					
Nutritional additives:					
Vitamin A (3a672a) 100.000 I.U., Vitamin D3 (3a671) 4.500 I.U., Vitamin E (3a700) 5.000 mg, Vitamin C (3a300) 1.000 mg					
Feeding recommendation:					
Dissolve the powder in warm (ca. 39°C) colostrum (1:10) and feed within the first six hours of life. As a colostrum enhancer: Calves: 50 -100 g per animal and day. Lambs and kids: 5 – 10 g per animal and day. Application for three to five days. If there is no colostrum available, please proceed as follows and dissolve the powder in normal milk, milk replacer or water: Calves: 200 g dissolved in two liters. Lambs and kids: 20 g dissolved in 200 ml. One heaped measuring spoon = ca. 15 g					
Feeding direction:					
Due to its high content of additives compared to a complete feed, this complementary feed should only be fed to named species according to the above mentioned feeding recommendation.					
Product characteristics:					
Bulk densitiv: 0,98 g/ml Form: Powder Odor: Specific Appearance: White-yellow*					
*slightly color variations may be seen from batch to batch, with no impact on the quality or efficacy of the product.					
Storage conditions:					
Store at room temperature, frost-free, dry and protected from direct sunlight! Once opened, use as soon as possible.					
Manufacturer:					
EW Nutrition GmbH, Hogenbögen 1, 49429 Visbek, Germany a DE NI 400130					
Shelf life:					
12 month from the date of production					
Registration & Quality certifications:					
The product is distributed in regulatory compliance. The manufacturing if this product takes place in conformity with the local legal requirements and according to recognized feed safety/feed quality standards (FAMI QS, GMP+, FCA or SFSF)					
The product, including all carriers and feed additives used for the production, under the meaning of Regulations (EC) No 1829/2003 and 1830/2003, does not consist of genetically modified organisms (GMO), does not contain GMOs, is not produced from GMOs and due to this it has not been labeled as defined by the above mentioned regulations.
